Contents		
Conditions, theories and requirements of life-long education and learning processes; theories of pedagogical educational guidance and learning guidance, task fields of educational guidance and learning guidance, consulting knowledge and work placement.		
Intended learning outcomes		
The students know paradigms, theoretical approaches and framework conditions of life-long education and understand the implications of orientation. Furthermore, they acquire knowledge of theoretical and practical approaches to educational guidance and learning guidance in adult education and are able to methodically evaluate their knowledge. The students acquire practical orientational knowledge and continue learning on their own authority. They especially focus on gaining basic insights into institutions/organisations and on evaluating their own professional self-perception and ethics.
