Contents		
Pedagogical and didactic fields of action, organising pedagogical and didactic set-ups for playing and learning processes which promote development, including theoretical foundations.		
Intended learning outcomes		
The students know about various pedagogical fields of action such as schooling, teaching, education and counselling. They examine theories of playing and learning in view of their effects on education and become acquainted with pedagogical and didactic set-ups for playing and learning processes which promote development. They develop increasing methodological competencies and are able to choose set-ups that are suitable for the occasion.
