

Module title		Abbreviation
Interaction of Science and Application		o6-EST-SAI-232-m01
Module coordinator		Module offered by
holder of the Chair of Integrative and Experimental Exercise Science and Training		Institute of Sport Science
ECTS	Method of grading	Only after succ. compl. of module(s)
5	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	graduate	--
Contents		
<p>Presentation and discussion of current casuistries for the implementation of evidence-based knowledge for practice-relevant problem solving. Collaborative work processes between science and knowledge users are presented and discussed with the aim of applying scientific evidence in a way that is appropriate for the target group. At the same time, methods are identified and discussed with which the implementation process can be evaluated.</p>		
Intended learning outcomes		
<p>The students acquire in-depth and extended professional and methodological skills for the collaborative implementation of scientific findings in practice. The students can identify, compare and evaluate essential methods for evaluating the implementation process.</p>		
Courses (type, number of weekly contact hours, language — if other than German)		
S (2) Module taught in: English		
Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)		
<p>Assessment group Seminar: a) oral examination of one candidate each (approx. 30 minutes) or b) presentation (15 to 30 minutes) with written elaboration (10 to 15 pages) or c) portfolio (15-20 pages) Language of assessment: English</p>		
Allocation of places
