## Contents

Fundamental questions and essential contents of education for people with intellectual and developmental disabilities. Connections to general curative and special education; historical review; fundamental ethical questions; anthropological aspects of understanding mental disabilities; central ideas and goals of education; mindsets and prejudices; situation of parents and siblings; fields of action. Fundamental didactic and methodological questions and principles of the support focus area of mental development: Goals and contents of classes; basic forms of teaching and learning; teaching principles, school organisation, planning and organisation of classes. Central areas of life, in which the participation of people with intellectual disabilities and/or profound and multiple learning difficulties is in danger, are discussed. Topics are curricular and extracurricular. Focus lies on themes like death & grief, self-aid, living, working, leisure time, partnership, sexuality and parenthood as well as education beyond school (early intervention, vocational training, adult education, ...). Furthermore legal basics, concerning the participation of people with intellectual disabilities and/or profound and multiple learning difficulties, are discussed.

## Intended learning outcomes

The students have basic knowledge, are able to perceive and describe the phenomena of "mental disabilities" as well as the social situation of mentally disabled people from different perspectives and can evaluate the resulting (special) requirements for education, schooling and teaching.

The students acquire basic knowledge to support the participation of people with intellectual disabilities and/or profound and multiple learning difficulties. They should identify segregative tendencies and develop strategies to realize the participation of people with intellectual disabilities and/or profound and multiple learning difficulties.

## Courses

**Method of assessment** (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)

1) written examination (45 to 90 minutes) or
2) presentation (15 to 30 minutes) with term paper (10 to 20 pages) or
3) portfolio (8 to 16 pages)

creditable for bonus
