1 semester	undergraduate	--
Contents		
<p>The module addresses profound and multiple learning disabilities regarding profound and severe intellectual disabilities. It discusses pedagogical principles, didactic implications and interventions. Furthermore, basic principles of teaching with regard to pupils with intellectual disabilities. During an internship the students gather experiences in school practice and learn ways to reflect upon it. Existing organizational structures get discussed.</p>		
Intended learning outcomes		
<p>The students acquire knowledge on educating people with profound and multiple learning disabilities. They know ways to facilitate learning for people with pml, and can reflect on them critically. Furthermore, they know ways of dealing with extraordinary pedagogical and human challenges, professionals might face. The students acquire competencies regarding planning strategies and principles of teaching pupils with intellectual disabilities and utilize them in practice. They gather insights in schooling and criteria of analyzing and optimizing teaching practice.</p>
