Fostering communication / Augmentative and alternative communication

### Abbreviation

06-GK-UK-VQ-202-m01

### Module coordinator

holder of the Chair of Special Education IV: Education for people with developmental and intellectual disabilities

### Module offered by

Chair of Special Education IV: Education for People with Developmental and Intellectual Disabilities

### ECTS

5

### Method of grading

Numerical grade

### Only after succ. compl. of module(s)

--

### Duration

1 semester

### Module level

Undergraduate

### Other prerequisites

--

### Contents

Topics are communication development, diagnostics and strategies supporting communication regarding students with intellectual disabilities and/or profound and multiple learning difficulties. We thereby consider different forms of expression, and their pragmatic use. With regard to augmentative and alternative communication we discuss basic principles, communication aids and their practical use.

### Intended learning outcomes

The students acquire basic knowledge to support communication of students with intellectual disabilities and/or profound and multiple learning difficulties. They gather competencies regarding communication development, diagnostics, and ways of supporting communication. Furthermore, they learn strategies to choose, design, and utilize various communication aids.

### Courses

(type, number of weekly contact hours, language — if other than German)

S (2) + S (1)
