Contents		
<p>Based on research results considering historical transformation processes, the module deals with the significance of Grundschule within the German school system as well as at an international level. It provides an insight into its forms of organisation and depicts its range of tasks depending on contemporary theoretical assumptions about education as well as on political and social demands. Furthermore, it introduces teaching models specific to Grundschule in view of their professional requirements and proven effects.</p>		
Intended learning outcomes		
<p>The students know the significance and forms of organisation of German Grundschule and are able to compare and evaluate them at an international level. They are able to identify and pedagogically evaluate the range of tasks of Grundschule within its contemporary context dependencies. The students become acquainted with the professional requirements and empirically proven effects of teaching models specific to Grundschule and can subsequently draw conclusions for their own future teaching.</p>
