<b>Contents</b>		
Consistencies and inconsistencies in the historical development of German Grundschule, current developmental necessities and perspectives of Grundschule as an educational institution, also by international comparison		
<b>Intended learning outcomes</b>		
The students are able to name significant development stages of Grundschule and to identify and evaluate different determinants of its development. They understand how its development is dependent on political and social expectations as well as theoretical demands concerning education. Furthermore, they are able to determine future developmental possibilities on the basis of previous developments.
