

Module appears in

Bachelor's degree (1 major) Human-Computer-Interaction (2024)

## Module description

Module title					Abbreviation	
Metho	ds for H	luman-Centered Desig	gn		o6-HCI-B-MBG-242-mo1	
Module coordinator				Module offered by		
holde	r of the	Chair of Psychological	Ergonomics	Institute of Human Computer Media		
ECTS Method of grading		od of grading	Only after succ. co	Only after succ. compl. of module(s)		
10	nume	rical grade				
Duration		Module level	Other prerequisites			
1 semester		undergraduate				
Conte	nts		,			
products. The methods are introduced in the lecture part of the course. Selected methods are tested by the students on examples in the exercise part of the course. In a team, they develop a product concept and carry out the first phases of a user-centered design process from context of use and requirements analysis to the design of design solutions and a tested low-fidelity prototype.
