Module title: Employment and disability

Module coordinator: Managing Director of the Institute of Special Education

Module offered by: Institute of Special Education

ECTS: 5

Method of grading: Numerical grade

Duration: 1 semester

Module level: Undergraduate

Contents:

Work and occupation in a social context; impairments, disabilities and handicaps in view of work and occupation; the special situation of people with impairments and handicaps regarding work and occupation; legal basics of work and occupation; introduction to work and occupation at the end of school years; the system of occupational preparation; organisation, possibilities and pedagogical concepts of occupational training and vocational education; threshold problems and transitional problems, support institutions; special support measures; integration management; life without (socially approved) work.

Intended learning outcomes:

The students know the special situation of people with impairments and handicaps regarding the job and labour market as well as the possibilities of support (professional competence). They are able to acquire specific information about the introduction to labour and occupation in a highly dynamic field and to keep their knowledge up-to-date (methodological competence). They have advanced their basic knowledge on their own or in small groups (social, methodological and professional competence). They are able to independently conduct smaller surveys on the job and labour situation of people with impairments and handicaps and can develop need-oriented approaches (methodological competence and self-competence).
