<b>Contents</b>		
<p>During the work placements, the students become acquainted with the work of a special educational or inclusive institution and gain own experiences. In the seminar, they use specific examples from the work placements to evaluate the institutions' work practice in view of their theories, (special) education and psychology.</p>		
<b>Intended learning outcomes</b>		
<p>The students know the specific pedagogical and special educational questions of a corresponding institution (institutions for people with developmental and intellectual disabilities, physical disabilities, socio-emotional disorders, learning disabilities and speech impediments). The students know the possibilities of individual support in pedagogical and psychological contexts; they gain experience in determining the special educational needs of individuals with disabilities/impairments and in developing diagnosis-oriented education plans</p>
