Contents

This module aims to provide deeper knowledge about the topics (concepts, theories, empirical analysis and practice) in media communication. Students will choose one out of the four core areas of the degree programme (i. e. media psychology, communication science, computer science in media, instructional psychology). The purpose of this module is to thoroughly investigate specific contents and research in the selected area.

Intended learning outcomes

Students should extend and consolidate their specialist knowledge in the selected area and should develop an advanced understanding of the development and logic of research projects in the respective area. The module focuses on the detailed and critical exploration of the specific field of research.
