Contents		
The module deals with pedagogical measures that intervene in the conditions of pedagogical situations in order to achieve certain goals or changes and to favor, compensate for or prevent certain developments. The interventions are addressed at the micro-level of the individual or the meso-level of institutions.		
Intended learning outcomes		
Students have acquired knowledge of specific pedagogical interventions. They can reflect on their role in learning and development processes and implement them in pedagogical situations or institutions. They have also developed an awareness of the prerequisites and limitations of their effectiveness.
