<b>Contents</b>		
The module discusses the influence of emotional and cognitive perception in education and learning processes. It gives insight into aesthetic, for the senses comprehensible dimensions of education and learning. Development, modelling as well as effects of the human's central perception are discussed in this context.		
<b>Intended learning outcomes</b>		
The students understand the relevance of meaningful experiences through the senses for processes of education and learning. They are capable of discussing aesthetic phenomena considering the meaning for education and learning and then can pose questions with a relevance for education.
