<b>Contents</b>		
<p>In this module, the students acquire basic knowledge of the central psychological theories and findings of the research fields of motivation and emotion. The lecture comprises the subject areas, theories, methods, application and practice of Psychology of Motivation and Psychology of Emotion. The seminar elaborates on selected, alternating subject areas (e.g. emotion regulation, impulsivity, aggression).</p>		
<b>Intended learning outcomes</b>		
<p>The students acquire professional and practical skills, which are useful for the further course of studies and for their future occupation. The students acquire profound professional knowledge of central subject areas, theories and methods of Psychology of Emotion and Motivation, while also learning to transfer this basic knowledge to application subjects, especially the one's of the Master's degree programme. Furthermore, the students already acquire theoretical, empirical and application-oriented competencies, which can be useful in professional life (e.g. organising work processes in a motivating manner), after finishing the first university degree programme (BSc.).</p>
