Contents		
<p>This module deals with selected, alternating subject areas of Developmental Psychology. Its topics may include early childhood, development in a domestic context, aspects of speech development relevant to practice, developmental disorders or development in adolescence. The seminars offered vary from semester to semester. The seminars provide an opportunity to actively work on the corresponding subject areas and to acquire advanced knowledge. Furthermore, they offer opportunities for group discussions, critical reflections, individual or group work as well as deductions for psychological fields of work.</p>
