## Contents

This lectures provides an overview of the History of Psychology whilst focusing on selected studies and individual chapters of history such as the Psychology of Thought Processes of the Würzburg School. The students gain insights into the historical and historico-scientific contexts of the origin and development of various basic fields and application fields of Psychology.

## Intended learning outcomes

The module provides an introduction to scientific and social contexts regarding the origin and development of Psychology. The students acquire central professional skills in reflecting the situation of the subject and of the profession of Psychology within the area of other sciences and within the whole of society. Furthermore, the students learn to assess the historical conditionality of central theoretical and methodological approaches to psychological research and practice. The competencies are meant to be transferred and applied to other basic and application subjects of the BSc.. Module component: Abbreviation: 06-PSY-EiG-1 Version: 2009-WS Title: Introduction to the History of Psychology, Degree of Obligation: Obligatory SWS: 2 ECTS credits: 3.
