

Module title		Abbreviation
Interindividual Differences 2		o6-PSY-MA-IU-2-152-mo1
Module coordinator		Module offered by
holder of the Chair of Psychology V - Differential Psychology, Personality Psychology, and Psychological Diagnostics		Institute of Psychology
ECTS	Method of grading	Only after succ. compl. of module(s)
10	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	graduate	--
Contents		
In the project work own research projects from the differential psychology under guidance are developed and accomplished. As a rule, this includes the development of the experimental arrangement, the data collection and data evaluation, as well as the result report		
Intended learning outcomes		
In the project work the necessary knowledge is acquired, which is necessary for practical realization of an empirical research work. The students learn to coordinate the necessary steps of a project and to communicate the results according to scientific standards.		
Courses (type, number of weekly contact hours, language – if other than German)		
R (4)		
Method of assessment (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus)		
<p>a) presentation (approx. 30 minutes) or b) written examination (approx. 60 minutes) or c) oral examination (approx. 15 minutes) or d) practical assignment (approx. 60 hours) or e) term paper (approx. 10 pages) or f) exposé (approx. 5 pages) or g) scientific poster (1 page DIN A0) or h) project report (approx. 10 pages) or i) case report (approx. 5 pages) or j) exercises in the form of questions to be answered during the seminar (approx. 0.5 pages per session)</p> <p>An exposé is to outline the theoretical background, the research topic, the hypotheses and the method (independent and dependent variables, measuring methods, experimental design and procedure, subjects as well as intended statistical analysis) of a projected empirical study. A case report describes a disorder using the example of a (fictitious) patient; it includes a symptom report, a medical history, a behavioural assessment, a diagnosis and a treatment plan derived from this.</p> <p>Language of assessment: German and/or English creditable for bonus</p>
