

Module title		Abbreviation
Motivation & Emotion 2		o6-PSY-MA-ME-2-152-m01
Module coordinator		Module offered by
holder of the Professorship of Emotional and Motivational Psychology		Institute of Psychology
ECTS	Method of grading	Only after succ. compl. of module(s)
10	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	graduate	--
Contents		
<p>In project work, the students develop research questions regarding Psychology of Motivation and Emotion under the guidance of a supervisor and transfer these question into a practicable research project. As a general rule, this includes developing an experimental design as well as collecting and evaluating data and writing a result report.</p>		
Intended learning outcomes		
<p>In project work, the students acquire knowledge necessary for carrying out empirical research projects. They learn to coordinate the necessary steps of a project and to convey the results in accordance with scientific standards.</p>		
Courses (type, number of weekly contact hours, language — if other than German)		
R (4)		
Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)		
<p>a) presentation (approx. 30 minutes) or b) written examination (approx. 60 minutes) or c) oral examination (approx. 15 minutes) or d) practical assignment (approx. 60 hours) or e) term paper (approx. 10 pages) or f) exposé (approx. 5 pages) or g) scientific poster (1 page DIN Ao) or h) project report (approx. 10 pages) or i) case report (approx. 5 pages) or j) exercises in the form of questions to be answered during the seminar (approx. 0.5 pages per session)</p> <p>An exposé is to outline the theoretical background, the research topic, the hypotheses and the method (independent and dependent variables, measuring methods, experimental design and procedure, subjects as well as intended statistical analysis) of a projected empirical study. A case report describes a disorder using the example of a (fictitious) patient; it includes a symptom report, a medical history, a behavioural assessment, a diagnosis and a treatment plan derived from this.</p> <p>Language of assessment: German and/or English</p> <p>creditable for bonus</p>
