<b>Contents</b>		
This seminar discusses causes, diagnostic possibilities and therapeutic approaches to learning disorders and behavioural abnormalities.		
<b>Intended learning outcomes</b>		
The students acquire professional skills and practical competencies, which are useful for the further course of studies as well as for practical work. They become familiar with basic methodological approaches in the field of Educational Psychology and gain representative insights into the contents of all of its subdisciplines, which facilitate an introduction to the main areas of the Master's degree programme. The competencies in the field of Educational Psychology acquired during the first university degree can be applied in many ways in professional life.
