Contents		
<p>Under the supervision of a psychologist with a diploma or master's degree, the internships provide insights into the professional activity of psychologists in psychology-related institutions, e.g. in education and / or the private sector. Students apply and deepen the knowledge acquired during their studies in a practical context. It is recommended to complete the internship in an area other than health/psychotherapy if the orienting internship and the internship 1 were completed in the health sector.</p>		
Intended learning outcomes		
<p>The students learn to apply theoretical and practical aspects of their studies to new tasks in their internships. They make their first contacts with the professional world and thus create a basis for their future career choice and for the orientation of the Master's program.</p>
