

<b>Module title</b>		<b>Abbreviation</b>
Introduction to speech and language pathology 3		o6-S-GShp3-102-m01
<b>Module coordinator</b>		<b>Module offered by</b>
holder of the Chair of Special Education III		Chair of Special Education III: Speech and Language Pathology
<b>ECTS</b>	<b>Method of grading</b>	<b>Only after succ. compl. of module(s)</b>
8	numerical grade	--
<b>Duration</b>	<b>Module level</b>	<b>Other prerequisites</b>
1 semester	undergraduate	--
<b>Contents</b>		
Basic knowledge of classification, aetiology, pathogenesis and symptomatology of language, speech and communication disorders; basic knowledge of linguistics, provided that it is relevant for the identification, scientific explanation, diagnostics and therapy of disorders.		
<b>Intended learning outcomes</b>		
Self- and social competence: The students have acquired subject-specific knowledge of various disciplines (especially linguistics and speech therapy) and are able to critically evaluate models and theories of these disciplines. Methodological competence: The students are able to analyse scientific texts in a hermeneutic way and to critically discuss them. Subject and professional competence: The students have gained a detailed and interdisciplinary overview of language, speech and communication disorders which are topics of Speech and Language Pathology. They are able to conduct scientific work in diagnostic/therapeutic practice on the basis of professional medical and linguistic knowledge.		
<b>Courses</b> (type, number of weekly contact hours, language – if other than German)
