

Module title		Abbreviation
Grundlagen der Sprachheilpädagogik Teil C		o6-S-GShpC-092-m01
Module coordinator		Module offered by
holder of the Chair of Special Education III		Chair of Special Education and Therapy in Language and Communication Disorders
ECTS	Method of grading	Only after succ. compl. of module(s)
8	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	undergraduate	--
Contents		
Basic knowledge of classification, aetiology, pathogenesis and symptomatology of language, speech and communication disorders; basic knowledge of linguistics, provided that it is relevant for the identification, scientific explanation, diagnostics and therapy of disorders.		
Intended learning outcomes		
Self- and social competence: The students have acquired subject-specific knowledge of various disciplines (especially linguistics and speech therapy) and are able to critically evaluate models and theories of these disciplines. Methodological competence: The students are able to analyse scientific texts in a hermeneutic way and to critically discuss them. Subject and professional competence: The students have gained a detailed and interdisciplinary overview of language, speech and communication disorders which are topics of Speech and Language Pathology. They are able to conduct scientific work in diagnostic/therapeutic practice on the basis of professional medical and linguistic knowledge.
