

Module title		Abbreviation
Introduction to speech and language pathology 1		o6-S-SHP1-V-202-m01
Module coordinator		Module offered by
holder of the Chair of Special Education III		Chair of Special Education and Therapy in Language and Communication Disorders
ECTS	Method of grading	Only after succ. compl. of module(s)
5	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	undergraduate	--
Contents		
Knowledge of Speech and Language Pathology as an applied scientific discipline/science and its history; advanced knowledge of preconditions of speech and language; foundations of language acquisition and language acquisition theories; basic knowledge of linguistics, provided that it is relevant for the identification, scientific explanation, diagnostics and therapy of disorders.		
Intended learning outcomes		
Self- and social competence: The students concentrate on studying contents of neighbouring disciplines. Methodological competence: The students methodically acquire professional knowledge of neighbouring disciplines and critically evaluate these disciplines in view of their application possibilities and requirements in theory and practice. Subject and professional competence: The students acquire indispensable basic knowledge of theory construction in Speech and Language Pathology, which is always interdisciplinary. They are able to conduct scientific work in diagnostic/therapeutic practice on the basis of professional linguistic knowledge.		
Courses (type, number of weekly contact hours, language — if other than German)
