<p>The module "Action and Methodology 2" refines the results and findings of "Action and Methodology 1" and focuses on advanced aspects of a thematic prioritisation. It examines theory-practice-questions, e.g. from the area of work and occupation, counselling or recreation and living. Part II builds upon the broader overview given in part I and exclusively focuses on specific aspects of a thematic priority.</p>		
Intended learning outcomes		
<p>The students are able to describe and discuss complex theory-driven questions of a specialised field. They are confident in using technical terms and relevant findings and are able to apply these to specific practical fields. The students evaluate the structural framework conditions of institutions in curative and special educational fields of action.
