Contents		
<p>This module focuses on the examination of complex perspectives. These perspectives can refer to fundamental, phenomena-related or institutional contexts of Special Education. The module results in critical examinations and in the acquisition of a complex overview of backgrounds, topics and aspects relevant to Special Education, also with a critical potential for the examination and differentiated development of concepts.</p>		
Intended learning outcomes		
<p>The students can conduct scientific analyses to compare the theories of various disciplines. They can communicate, represent and methodically illuminate theoretical and meta-theoretical backgrounds of pedagogical issues in group work. They develop advanced theoretical and critical reflection competence.</p>
