<b>Contents</b>		
<p>In this course we use the examples of first aid and lifesaving to discuss and practise the basics of helping and rescuing. We study central aspects relevant to school with and without reference to school sports. These aspects include specific behaviour guidelines and rescue measures in the fields of supervision of pupils during swimming lessons and first aid.</p>		
<b>Intended learning outcomes</b>		
<p>The students have basic skills in first aid and lifesaving. They are aware of measures to prevent and avoid accidents, especially in the field of planning and conducting physical education classes. Furthermore, the students are skilled in assessing safety and preventing hazards in the context of extracurricular physical activities. In the field of lifesaving, they know how to rescue themselves and others.</p>
