**Module title**

Bachelor thesis Sport Science with focus on health and pedagogy in movement

**Abbreviation**

06-SP-TH-102-m01

**Module coordinator**

holder of the Chair of Science of Sports

**Module offered by**

Institute of Sport Science

**ECTS**

10

**Method of grading**

numerical grade

**Duration**

1 semester

**Module level**

undergraduate

**Other prerequisites**

---

**Contents**

Students will independently research and write a scientific thesis on a topic from the area of sport science and/or the didactics of health related sports that was selected in consultation with the thesis supervisor.

**Intended learning outcomes**

Students can independently familiarise themselves with a predefined topic in the area of sport science and can independently work with literature relevant for the respective topic, drawing on the knowledge and methodological skills acquired in the Bachelor’s degree programme. They are able to prepare a written account of the results of their work in an appropriate scientific style and, where necessary, to consider didactic aspects.

**Courses**

no courses assigned

**Method of assessment**

written thesis (approx. 40 to 50 pages)

**Allocation of places**

---

**Additional information**

Additional information on module duration: 8 weeks.

**Referred to in LPO I**

(examination regulations for teaching-degree programmes)
