Grounding in biblical introduction (Old Testament), the history of Israel, biblical hermeneutics, and didactic approaches to teaching the Bible to pupils.		
Intended learning outcomes		
At the end of the course, students will be able to describe the historical background of the Old Testament, name the epochs in the history of Israel, and interpret Old Testament texts in this context. In addition, students will have developed the ability to identify the intentions and functions of a text from the Old Testament, to perceive that text as a construction of a world view, and to develop criteria for its evaluation from today's point of view. Students will be able to design learning scenarios that are appropriate for the age group they are teaching, presenting a selected Old Testament text, exploring its ambiguity, and interpreting it in the context of the everyday lives of their pupils.
