Contents		
Introduction to theological ways of thinking in ethics or anthropology based on current or central theological and philosophical texts as well as their incorporation into religious education lessons that are tailored to the needs of the age group students are teaching.		
Intended learning outcomes		
In the area of ethics or anthropology, students will be able to recognise fundamental approaches of a theological argument, to situate the contents within the context of current social problems, and to discuss them in an appropriate manner. In addition, they will have developed the ability to teach sessions in the religious education classroom that familiarise pupils with ethical and anthropological approaches in an appropriate manner that is tailored to the needs of the age group they are teaching.
