Contents		
An introduction to classroom practice. Training in specific methods for use in the Protestant religious education classroom on the basis of selected instructional models and classroom projects as well as examples from the classroom. This module prepares students for their transition into professional practice. It gives them an opportunity to gain insights into day-to-day school life and equips them with experience the courses in phase two of their training will draw upon. The module also enhances the didactic and methodological skills of students.		
Intended learning outcomes		
At the end of the course, students will have found out how they feel in the role of teachers and will have developed the ability to select teaching methods and approaches as well as to assess whether these were appropriate.
