| Professional competence: The students can critically discuss didactic theories. They can establish and evaluate interdisciplinary connections between these theories and other sciences. They are able to evaluate research results and contents in view of the future occupational field and can evaluate their relevance for didactics for people with emotional and behavioural disorders. Methodological competence: The students acquire subject-didactic and technical knowledge and skills and are able to apply these. Self- and social competence: The students can apply concepts of planning, implementing, evaluating and observing classes. |  |                                      |                     |                   |                   |
