Contents		
Basic perspectives for the explanation of behavioural disorders; key and selected psychological and sociological approaches to the explanation of behavioural disorders in view of medico-biological aspects; key and selected phenomena in the context of behavioural disorders; introduction to scientific work.		
Intended learning outcomes		
The students are able to apply basic knowledge to achieve a differentiated understanding of behavioural disorders, also in view of specific explanation concepts and specific selected problems (professional competence, self-competence). This knowledge enables them to classify and understand behavioural disorders in children and juveniles and to develop first ideas for dealing with behavioural disorders (professional competence, self-competence, methodological competence). The students have basic knowledge and skills in acquiring, selecting and processing information in the context of scientific work; they can apply their knowledge and skills to the utilization of study group resources (professional competence, methodological competence, social competence).
