

Module description

Module title					Abbreviation
Specific ecophysiology of plants					07-5S2PS4-092-m01
Module coordinator				Module offered by	
holder of the Chair of Plant Physiology and Biophysics				Faculty of Biology	
ECTS	Meth	od of grading	Only after succ. compl. of module(s)		
10	nume	erical grade			
Duration Mo		Module level	Other prerequisites		
1 semester		undergraduate			
Conte	ntc	•			

In this module, students will learn to independently apply advanced molecular biological, chemical analytical or ecological methods. Experimental findings will be evaluated, interpreted and documented in the context of the current state of research.

Intended learning outcomes

Students are able to independently perform complex experiments in the field of plant ecophysiology, to interpret their findings in the context of the current state of research as well as to document these.

Courses (type, number of weekly contact hours, language - if other than German)

This module comprises 2 module components. Information on courses will be listed separately for each module component.

- o7-5S2PS4-1OP-092: Ü (no information on SWS (weekly contact hours) and course language available)
- o7-5S2PS4-2OP-092: S (no information on SWS (weekly contact hours) and course language available)

Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)

Assessment in this module comprises the assessments in the individual module components as specified below. Unless stated otherwise, successful completion of the module will require successful completion of all individual assessments.

Assessment in module component 07-5S2PS4-10P-092: Advanced ecophysiology of plants (laboratory course)

- 9 ECTS, Method of grading: numerical grade
- a) written examination (approx. 60 minutes) or b) log (approx. 10 to 20 pages) or c) oral examination of one candidate each (approx. 30 minutes) or d) oral examination in groups (groups of 2 or 3 candidates, approx. 60 minutes) or e) presentation (approx. 20 to 30 minutes)
- Language of assessment: German or English

Assessment in module component o7-5S2PS4-2OP-092: Specific ecophysiology of plants (seminar)

1 ECTS Mothod of grading, (not) successfully completed

 presentation (approx. 20 to 30 minutes)
Allocation of places
