<p>Within a time frame of ten weeks, students will research and write on a defined scientific question. They will plan and perform experiments, collect data and present it in a thesis and will deliver a presentation on and discuss their topic in a seminar. For more information on the structure of the thesis, please refer to www.biostudium.uni-wuerzburg.de.</p>		
Intended learning outcomes		
<p>Students will be able to research and write on a scientific problem within a given time frame (10 weeks), adhering to the principles of good scientific practice. They will be able to document their findings in both written and oral form, to discuss their findings as well as to place them in the context of the present knowledge in the field.</p>
