Thesis Biology | 07-6BT-152-m01

Module coordinator | Module offered by
chairperson of examination committee Biologie (Biology) | Faculty of Biology

ECTS | Method of grading | Only after succ. compl. of module(s)
--- | --- | ---
12 | numerical grade | --

Duration | Module level | Other prerequisites
--- | --- | ---
1 semester | undergraduate | --

Contents
Within a time frame of ten weeks, students will research and write on a defined scientific question. They will plan and perform experiments, collect data and present it in a thesis and will deliver a presentation on and discuss their topic in a seminar. For more information on the structure of the thesis, please refer to www.biostudium.uni-wuerzburg.de.

Intended learning outcomes
Students will be able to research and write on a scientific problem within a given time frame (10 weeks), adhering to the principles of good scientific practice. They will be able to document their findings in both written and oral form, to discuss their findings as well as to place them in the context of the present knowledge in the field.

Courses (type, number of weekly contact hours, language — if other than German)
No courses assigned to module
Module taught in: German and/or English

Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
written thesis (approx. 20 to 40 pages)
Language of assessment: German and/or English
