## Module title

**Research Project in Pharmaceutical Biology with Focus on Molecular Biology**

### Abbreviation

07-6S3PS5-092-m01

## Module coordinator

holder of the Chair of Pharmaceutical Biology

## Module offered by

Faculty of Biology

## ECTS

15

## Method of grading

Only after succ. compl. of module(s)

## Numerical grade

--

## Duration

1 semester

## Module level

undergraduate

## Other prerequisites

--

## Contents

Using the examples of topics in contemporary research, students will be introduced to the concepts of good scientific practice, including planning research strategies, performing complex experiments as well as documenting and communicating research findings in the form of a presentation, a publication or a term paper. Students will be involved in ongoing research and will learn how to independently apply specific methods in pharmaceutical biology with a focus on molecular biology.

## Intended learning outcomes

Students are able to independently pursue research projects in the field of pharmaceutical biology with a focus on molecular biology. They are able to independently address and document questions in the field of plant biology, adhering to the principles of good scientific practice.

## Courses

This module comprises 2 module components. Information on courses will be listed separately for each module component.

- **07-6S3PS5-1FM-092**: P (no information on SWS (weekly contact hours) and course language available)
- **07-6S3PS5-2FM-092**: S (no information on SWS (weekly contact hours) and course language available)

## Method of assessment

Assessment in this module comprises the assessments in the individual module components as specified below. Unless stated otherwise, successful completion of the module will require successful completion of all individual assessments.

### Assessment in module component 07-6S3PS5-1FM-092: Scientific project in pharmaceutical biology with main focus on molecular biology (laboratory course)

- 13 ECTS, Method of grading: numerical grade
- a) written examination (approx. 60 minutes) or b) log (approx. 10 to 20 pages) or c) oral examination of one candidate each (approx. 30 minutes) or d) oral examination in groups (groups of 2 or 3 candidates, approx. 60 minutes) or e) presentation (approx. 20 to 30 minutes)
- Language of assessment: German, English

### Assessment in module component 07-6S3PS5-2FM-092: Research project in pharmaceutical biology with main focus on molecular biology (seminar)

- 2 ECTS, Method of grading: (not) successfully completed
- presentation (approx. 20 to 30 minutes)

## Allocation of places

--

## Additional information

--

## Referred to in LPO 1 (examination regulations for teaching-degree programmes)

--

## Module appears in

Bachelor' degree (1 major) Biology (2007)
