### Module title
Supervising Tutorial for Biology 1

### Abbreviation
07-LA-TUSB1-092-m01

### Module coordinator
degree programme coordinator Biologie (Biology)

### Module offered by
Faculty of Biology

### ECTS
3

### Method of grading
Only after succ. compl. of module(s)

### (not) successfully completed
--

### Duration
1 semester

### Module level
undergraduate

### Other prerequisites
--

### Contents
Working as tutors, students will mentor other students. Tutors will help with organisational and personal matters. They will help students organise their teaching placements and will help them plan and structure their entire university education. Together with students, they will develop strategies to detect and fill gaps in their knowledge. Tutors will support other students on their way towards academic success.

### Intended learning outcomes
The tutors are able to communicate complex concepts in a clear and structured way. They have gained experience supervising a group and helping students with personal matters. The tutors have thus enhanced their own interpersonal skills and know how to share their expertise in exploring complex topics. In addition, the tutors have learned to plan and organise key elements of their own university education and the university education of the students they mentor.

### Courses
(type, number of weekly contact hours, language — if other than German)
T (no information on SWS (weekly contact hours) and course language available)

### Method of assessment
(type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
presentation portfolio (approx. 60 hours total)

### Allocation of places
--

### Additional information
--

### Referred to in LPO I
(examination regulations for teaching-degree programmes)
--
