Module title

Topics and Concepts in Life Sciences

Abbreviation

07-MLS2B-141-m01

Module coordinator

degree programme coordinator Biologie (Biology)

Module offered by

Faculty of Biology

ECTS

7

Method of grading

numerical grade

Only after succ. compl. of module(s)

Duration

1 semester

Module level

graduate

Other prerequisites

--

Contents

A broad variety of topics and concepts from the areas of neuroscience, infection and immunity, integrative biology, and biomedicine including for example: protein characterisation, DNA repair, Drosophila, computational biology, and neurocircuits.

Intended learning outcomes

Students have an overview of the current research topics in the Graduate School of Life Sciences and are able to explain their significance and scientific background.

Courses

V (no information on SWS (weekly contact hours) and course language available)

Method of assessment

written examination or oral examination of one candidate each or oral examination in groups of up to 3 candidates

Language of assessment: English

Allocation of places

--

Additional information

--

Referred to in LPO I

(examination regulations for teaching-degree programmes)

--
