

<b>Module title</b>		<b>Abbreviation</b>
Oral Examination Life Sciences		07-MLSAK-152-m01
<b>Module coordinator</b>		<b>Module offered by</b>
chairperson of examination committee Biologie (Biology)		Faculty of Biology
<b>ECTS</b>	<b>Method of grading</b>	<b>Only after succ. compl. of module(s)</b>
5	numerical grade	07-MLST
<b>Duration</b>	<b>Module level</b>	<b>Other prerequisites</b>
1 semester	graduate	--
<b>Contents</b>		
Investigation of a current scientific topic, using modern methods and techniques. Documentation of the results in a written thesis as well as oral examination.		
<b>Intended learning outcomes</b>		
Students are able to independently plan and execute a scientific research project. They are able to collect, present and interpret raw data according to international standards of good scientific conduct. They are able to summarise their data in a written thesis, adhering to scientific rules and standards. Students are able to critically discuss and defend their experiment plan, results and interpretations thereof and are able to put their own research in the context of current publications in their field. They have acquired a broad expertise both in their field of study and in related fields.		
<b>Courses</b> (type, number of weekly contact hours, language – if other than German)		
K (0)		
<b>Method of assessment</b> (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus)		
presentation of Master's thesis (30 minutes) and discussion (15 minutes) Language of assessment: English		
<b>Allocation of places</b>		
--		
<b>Additional information</b>		
--		
<b>Referred to in LPO I</b> (examination regulations for teaching-degree programmes)
