 | graduate | Please consult with course advisory service in advance.

Contents
Presentation and discussion of cutting edge literature in the field of life sciences.

Intended learning outcomes
Students are able to understand, present and critically discuss cutting edge literature in the field of life sciences.

Courses (type, number of weekly contact hours, language — if other than German)
V (5)

Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
Students will be informed about the method, length and scope of the assessment prior to the course. Usually, one of the following options will be chosen: a) written examination (30 to 60 minutes, including multiple choice questions) or b) oral examination of one candidate each (30 to 60 minutes) or c) oral examination in groups of up to 3 candidates (approx. 30 to 60 minutes)
Language of assessment: English
