**Module coordinator**
Dean of Studies Biologie (Biology)

**Module offered by**
Faculty of Biology

**ECTS** | **Method of grading** | **Only after succ. compl. of module(s)** |
10       | (not) successfully completed | -- |

**Duration** | **Module level** | **Other prerequisites** |
1 semester  | graduate        | -- |

**Contents**
Students spend five weeks working on a small, well-defined scientific lab project.

**Intended learning outcomes**
Students have reinforced previously acquired lab skills, acquired new lab techniques, and learned how to apply theoretical knowledge in the lab. Students have gained expertise in the analysis of raw data and their presentation.

**Courses** (type, number of weekly contact hours, language — if other than German)
P (no information on SWS (weekly contact hours) and course language available)

**Method of assessment** (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
a) written examination (usually 30 to 60 minutes, including multiple choice questions) or b) log (usually approx. 10 to 30 pages) or c) oral examination of one candidate each (usually 30 to 60 minutes) or d) oral examination in groups of up to 3 candidates (usually approx. 30 to 60 minutes) or e) presentation (usually 20 to 45 minutes)
Language of assessment: English
