## Module title
Presentation of Scientific Data

### Abbreviation
07-MPWD-102-m01

## Module coordinator
Coordinator BioCareers

## Module offered by
Faculty of Biology

## ECTS
5

## Method of grading
(only after successfully completing module(s))

## Duration
1 semester

## Module level
graduate

## Other prerequisites
--

### Contents
Principles for the preparation of scientific manuscripts, citations and the presentation of scientific data. Students will write a scientific mini review and present this in a talk (15 minutes). Content, structure, coherence and the logical chain of arguments will be discussed. Students will write and publish (where possible) a scientific paper or review on a selected topic in a scientific journal. The students’ work will be based on original papers as well as on reviews and will follow the instructions of a scientific journal of the students’ choice. These instructions can be found on the website of the respective journal under "Instructions to Authors" or similar. Both length of chapters and structure of the article should be based on the style of the journal selected. Attendance of no less than 20 scientific talks (e.g., defences of doctoral theses, presentations of research projects, retreats) including presentations by guest speakers. Students are to obtain proof of attendance from the organisers or speakers.

### Intended learning outcomes
The students are familiar with the details of publishing scientific data in written and oral form. They have become familiar with the methodology of scientific publishing in oral or written fashion. In addition, they have enhanced their English reading, speaking and writing skills.

### Courses
This module comprises 2 module components. Information on courses will be listed separately for each module component.

- **07-MPWD-1-102**: S (no information on SWS (weekly contact hours) and course language available)
- **07-MPWD-2-102**: S (no information on SWS (weekly contact hours) and course language available)

### Method of assessment
Assessment in this module comprises the assessments in the individual module components as specified below. Unless stated otherwise, successful completion of the module will require successful completion of all individual assessments.

#### Assessment in module component 07-MPWD-1-102: Publication and Presentation
- 4 ECTS, Method of grading: (not) successfully completed
- Students will be informed about the length and scope of the assessment prior to the course. Usually, one of the following options will be chosen: a) written examination (30 to 60 minutes, including multiple choice questions) or b) log (approx. 10 to 30 pages) or c) oral examination of one candidate each (30 to 60 minutes) or d) oral examination in groups of up to 3 candidates (approx. 30 to 60 minutes) or e) presentation (20 to 45 minutes)

#### Assessment in module component 07-MPWD-2-102: Scientific Talks
- 1 ECTS, Method of grading: (not) successfully completed
- Students will be informed about the length and scope of the assessment prior to the course. Usually, one of the following options will be chosen: a) written examination (30 to 60 minutes, including multiple choice questions) or b) log (approx. 10 to 30 pages) or c) oral examination of one candidate each (30 to 60 minutes) or d) oral examination in groups of up to 3 candidates (approx. 30 to 60 minutes) or e) presentation (20 to 45 minutes)
