Module title
Immunology (Practical Course and Seminar 1)

Abbreviation
07-MS2IMF1-102-m01

Module coordinator
Managing Director of the Institute of Virology and Immunobiology

Module offered by
Faculty of Biology

ECTS
10

Method of grading
Numerical grade

Duration
1 semester

Graduation
Graduate

Contents
Students will complete a 2-week lab course at the Institute of Virology and Immunobiology during which they will become familiar with fundamental methods in cellular and molecular immunology. Afterwards, students will select a laboratory at the Institute or one of the participating institutions (e.g. clinics, Virchow Center, molecular infection immunology and others) and will spend three weeks working on a defined project. Results of the lab course and lab project will be documented in a log and will be presented at the end of the course.

Intended learning outcomes
The students learn to apply experimental procedures and methods in immunology, to independently address scientific questions and to appropriately document their experimental work.

Courses
S + P (no information on SWS (weekly contact hours) and course language available)

Method of assessment
Students will be informed about the length and scope of the assessment prior to the course. Usually, one of the following options will be chosen: a) written examination (30 to 60 minutes, including multiple choice questions) or b) log (approx. 10 to 30 pages) or c) oral examination of one candidate each (30 to 60 minutes) or d) oral examination in groups of up to 3 candidates (approx. 30 to 60 minutes) or e) presentation (20 to 45 minutes)

Allocation of places

Additional information

Referred to in LPO I (examination regulations for teaching-degree programmes)
