## Module title

**Immunology (Practical Course and Seminar 2)**

### Abbreviation

07-MS2IMF2-102-m01

## Module coordinator

Managing Director of the Institute of Virology and Immuno-biology

## Module offered by

Faculty of Biology

## ECTS

15

## Method of grading

Only after succ. compl. of module(s)

## (not) successfully completed

--

## Duration

1 semester

## Module level

graduate

## Other prerequisites

Admission prerequisite to assessment: regular attendance of lab course and successful completion of the respective exercises as specified at the beginning of the course.

## Contents

Critically reading and presenting original research papers (in English language), participants will independently investigate current problems in immunology. They will be involved in the development of a research plan and will independently apply advanced techniques in cellular and/or molecular immunology.

## Intended learning outcomes

The participants acquire skills allowing them to work independently in the field of cellular and molecular immunology. This includes competence to address immunological problems on their own and to conduct, document and interpret their research according to good research practice.

## Courses

**S + P** (no information on SWS (weekly contact hours) and course language available)

## Method of assessment

Students will be informed about the length and scope of the assessment prior to the course. Usually, one of the following options will be chosen: a) written examination (30 to 60 minutes, including multiple choice questions) or b) log (approx. 10 to 30 pages) or c) oral examination of one candidate each (30 to 60 minutes) or d) oral examination in groups of up to 3 candidates (approx. 30 to 60 minutes) or e) presentation (20 to 45 minutes)

## Allocation of places

--

## Additional information

--

## Referred to in LPO I (examination regulations for teaching-degree programmes)

--
