Module coordinator: BioCareers
Module offered by: Faculty of Biology

ECTS: 2
Method of grading: Only after successfully completed module(s)

Duration: 1 semester
Module level: Undergraduate
Other prerequisites: --

Contents:
Working in (interdisciplinary) teams: features and opportunities, development and phases of team building. In teams of 3 to 7 students, participants will work on a range of problems/projects. They will summarise and deliver a presentation on their results.

Intended learning outcomes:
Having investigated specific problems in small teams, students will have acquired experience working in a team-based environment. They will know how their team projects were different from real teamwork. Students will be familiar with the advantages of teamwork as well as with disadvantages teamwork has compared to individual work. In addition, they will have become familiar with the different phases of team building.
