

Module title		Abbreviation
Instruction of pupils in making chemical experiments		o8-FBC1-092-m01
Module coordinator		Module offered by
holder of the Professorship of Didactics of Chemistry		Institute of Inorganic Chemistry
ECTS	Method of grading	Only after succ. compl. of module(s)
5	(not) successfully completed	--
Duration	Module level	Other prerequisites
1 semester	undergraduate	--
Contents		
This module gives students the opportunity to guide pupils as they explore chemistry topics and perform chemical experiments.		
Intended learning outcomes		
Students have learned how to guide pupils as they explore chemistry problems and perform chemical experiments.		
Courses (type, number of weekly contact hours, language — if other than German)		
P (no information on SWS (weekly contact hours) and course language available)		
Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)		
assessment of practical performance and final report (approx. 8 pages)		
Allocation of places		
Number of places: 30. Places will be allocated according to the number of subject semesters. Among applicants with the same number of subject semesters, places will be allocated by lot.
