Duration | Module level
1 semester | undergraduate

Contents
This module discusses biologically important bonding classes, their reactions and syntheses.

Intended learning outcomes
Students have become familiar with biologically important bonding classes, their reactions and syntheses.

Courses (type, number of weekly contact hours, language — if other than German)
V + Ü (no information on SWS (weekly contact hours) and course language available)

Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
written examination (90 minutes)

Allocation of places
--

Additional information
--

Referred to in LPO I (examination regulations for teaching-degree programmes)
