Contents		
This module gives students the opportunity to attend a national or international conference covering a topic that is relevant to the field they have selected as their focus and to deliver a presentation on their own findings. Decision on credit transfer to be made by examination committee.		
Intended learning outcomes		
Students gain a wider overview of recent findings and developments in the field they have selected as their focus. They have the opportunity to meet other researchers working in the field. They have the opportunity to enhance their ability to reflect critically on their own work, present it to the scientific community and defend it against criticism.
