

Module title		Abbreviation
Master-Thesis		o8-MBC-MA-152-mo1
Module coordinator		Module offered by
chairperson of examination committee Biochemie (Biochemistry)		Chair of Biochemistry
ECTS	Method of grading	Only after succ. compl. of module(s)
25	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	graduate	--
Contents		
The module enables the processing of a defined problem within a specified period by applying the scientific methods learned in the course of study.		
Intended learning outcomes		
The student can familiarize oneself on the basis of scientific literature with the current state of research on a given topic. He/She has the ability to process a defined problem / issue using scientific methods and to document the results, to analyse and to interpret them, and to integrate them into the context of the literature in a written thesis.		
Courses (type, number of weekly contact hours, language – if other than German)		
No courses assigned to module		
Method of assessment (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus)		
Master's thesis (approx. 60 pages) Language of assessment: German or English		
Allocation of places		
--		
Additional information		
--		
Referred to in LPO I (examination regulations for teaching-degree programmes)
